## GREAT HOMESTAYS NEAR YOUR SCHOOL

- Australian Homestay Network (AHN) matches each student with a host family located near the student's place of study.
- The host will provide the student with a private bedroom, meals (as per their chosen homestay package) and internet access. They will also assist the student in learning the local customs and transportation systems, as well as helping the student become acquainted with the Australian way of life.
- Many students enjoy activities and celebrations with their host family and become life-long friends.
- Hosts offer a support system and authentic interest in welcoming students to Australia

## GREAT VALUE FOR MONEY

- The Australian Homestay Network operates in regions across Australia. Each region has student pricing specific to the living costs and services available in that location.
- AHN homestay offers the best value for money option for the early stages of an international student being welcomed, culturalised and accommodated as they prepare for the commencement of their studies in Australia.
- No lock in contract, bond or lease
- Utilities and internet are included

Homestay is the ideal entry point for new students, providing them with the feeling and support of home and giving parents peace of mind.
